How do I access the cloud-based version of Office 365?

Step-by-step guide

1. Type in your UMBC email address [here](#) and then click Next. When it takes you to myUMBC, type in your UMBC credentials and then click Log In.
2. Click on the app you want to use (or click Explore all your apps to see a list of all the cloud apps in case you don't see the app you want) and it will open in your browser window.
