Adobe Creative Cloud

License keys for the now discontinued serialized Adobe apps (apps that didn't require you to be signed into them with your UMBC Adobe account to use) for UMBC owned computers will expire on 2/29/2020 and will cease to function at that time. To continue using existing serialized installs without having to uninstall them, please run the de-license program and then install the Creative Cloud desktop app using the instructions toward the bottom of this page so they can be added to the current license.

<table>
<thead>
<tr>
<th>Description</th>
<th>Adobe Creative Cloud is a software as a service offering from Adobe Systems that gives users access to a collection of software applications for graphic design, video editing, web development, photography, and cloud services. This is accomplished through the Creative Cloud desktop application, a cloud-based software licensing and delivery system for Adobe applications and services.</th>
