How do I request a site in sites.umbc.edu?

Tell me
You can request a site for your Department or Organization by following these steps:

1. Visit http://sites.umbc.edu
2. In the right-hand Request a Site section, click the Fill out this Form link. You may need to log in with your UMBC username & password to continue.
3. Fill out the required fields (denoted by a red asterisk)
4. Select the "I need a new website in the sites.umbc.edu environment" option, then provide the desired URL
   - URL's must be in the format "example.umbc.edu", not "umbc.edu/example"
5. Once submitted, we will begin to process your site request and will contact you with any questions we may have
