How do I renew or cancel an account I've sponsored?

If you’ve sponsored an account for non-UMBC users through the sponsored account process, you can renew or remove your sponsorships by visiting http://my.umbc.edu/go/sponsoredaccounts.

Any accounts you're currently sponsoring will be listed in the Recently Expired & Current Sponsorship section above the New Sponsorship Request form.

**Extending a Sponsorship**

To extend a sponsorship, type a new date into the Extended Date field of the corresponding account, and select Update Sponsorship.

Accounts can only be sponsored for a maximum of 1 year at a time.

**Canceling a Sponsorship**

To cancel a sponsorship, click the checkbox in the Delete field of the corresponding account, and select Update Sponsorship.
