Why can't I login to REX?

Tell Me

Announcement
It is no longer necessary to add the "AD\" prefix to one's username when logging into REX.

If you have been granted access to REX/T-REX here are a couple of things to verify when connecting to REX. If you cannot access the REX reports you need for the function of your work please submit a ticket.

1. If you are connecting from off campus, please make sure that you have connected to the UMBC VPN. You can find instructions here.
2. You can verify that you are using a supported browser here.
3. If you are still having trouble logging in, please enter a ticket.
