How do I update TurningPoint 8 on my computer?

Tell Me

1. Open TurningPoint 8 on your computer and sign into the software using your Turning Account credentials.
2. From the dashboard, click on the TurningPoint 8 logo at the bottom center of the page. The version of TurningPoint 8 you currently have installed on your computer will appear next to the TurningPoint logo (e.g. 8.7.1). When you click on the logo, an About TurningPoint window appears.

3. Click **Check for Updates**. Available updates will appear, and you will be able to update the software on your PC or Mac from this screen.
