What information can’t I send in email?

Tell Me

Information that is classified as Level 0 and Level 1 can be sent in email. For an explanation of information classification, please review the following FAQ: Information Classification at UMBC

No one should ever send passwords or confidential information in an email message. UMBC will **never** legitimately request that you send your password to us in email. Please review this FAQ for further details: Will DoIT ever ask for my password?
